Frequently Asked Questions | When is the next transit of Venus after 2012?

When is the next transit of Venus after 2012?

JANUARY_SHORT 20 | 10:59

Chuck

LAST_UPDATED2

After June 2012, the next pair of transits occur December 11, 2117, and December 8, 2125. See <http://eclipse.gsfc.nasa.gov/transit/transit.html> for ensuing transits. Dates are mid-event in Coordinated Universal Time.
