Total Lunar Eclipse **[October 27, 2004](#)**

During the October 27, 2004, lunar eclipse, families gather in Mishawaka, IN, to gaze through telescopes at the changing moon and to simulate moon phases.g styrofoam balls..

Mars Closest Approach **August, 2003**

Hundreds of observes in Mishawaka, IN, are joined by Flat Stanley to witness Mars at its closest approach in over 60,000 years. We were too busy to remember to take pictures.

Total Lunar Eclipse **[November 8, 2003](#)**

Families view the eclipse after a planetarium program.

Because someone asked, we tried putting the camera to the telescope eyepiece.

Flat Stanley Visits
